

“Philosophical Differences”

Claim some, quitting.
Cloaks lazy performance.

But, more importantly,
is hiring evil, evil?

Take the rocket & jet
& poison gas dudes

who got to by-
pass Nuremberg.

Some expire under
Florida palms this mo-
ment. So old they hiss.

Allowed to switch Ger-
man Social Security for
ours? Were they vested?

Goering, by the bye,
might've done the same

had he leaned to
the technical

rather than bon-vivanting
'round in yards of uniform.

Note to future traitor:
major in something a Ben-
gali Indian can't do.
